This is the actual campaign we used to turn **\$3,267.52** in ad spend into 51 bookings—with deposits—and generate **\$21,000 in revenue**.

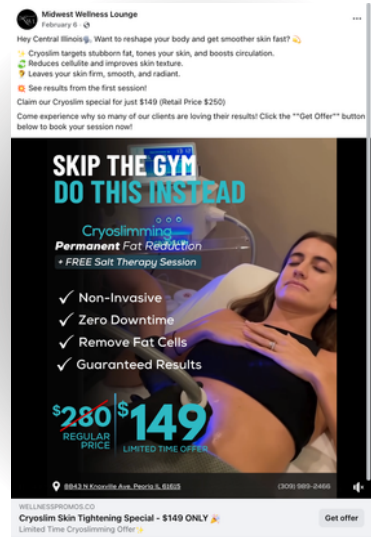

Campaign Performance at a Glance

- Ad Spend: \$3,267.52
- Bookings: 56
- Average CPB (Cost per Booking): \$58
- Revenue Collected (30 Days): \$21,000

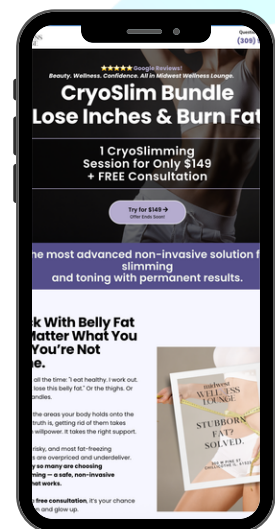

The Campaign

Our Growth Now System is simple and always works. We come up with an offer that converts, we generate a lead, our team follows up with the lead and books them in your calendar with a deposit. Your **ONLY** job is to sell this customer.

The Landing Page

Most marketing companies measure success in leads. We measure it in bookings and shows. To deliver that, every campaign starts with landing page optimization, converting more clicks into calls, and more calls into confirmed appointments.

Why This Works

While most marketing companies brag about lead volume, we care about bookings, shows, and sales.

Volume doesn't pay the bills. Revenue does.

We engineer campaigns around:

- Irresistible Offers
- Message-Market Match
- Direct Response Ads
- Lead Conversion Frameworks

The System

We call it Growth Now. Here's how it works:

1. Craft a Winning Offer
2. Launch High-Converting Ads
3. Book Appointments with Deposits
4. You Close the Deal

You're not chasing leads. You're taking calls from people who already said yes.

Who This Is For

We've deployed this system for 500+ wellness businesses, and it's built by operators—not gurus.

If you're a:

- Studio owner
- Wellness Coach or Therapist
- Medspa, or Wellness Clinic
- Or any expert looking to scale revenue and impact...

This is your shortcut.

-Why We're Giving Away Our \$21,000 Campaign

Over the past 6 Years, we've helped 500+ wellness businesses fill their calendars, drive revenue, and finally escape the "Instagram content trap." What you're about to get is the actual campaign we used inside one of our 7-figure locations—and we're handing it to you, completely done-for-you.

Why?

Because most Wellness coaches and business owners have been misled.

They've been told to "just post more" or "run another discount"—while burning time and money on funnels that don't work in the real world. We want to earn your trust by giving you results before we ever ask for your business.

If you win with this, you'll know:

- Our strategies work
- We understand your market
- We're operators, not theorists

And if you want more, we'll be here to help you scale it.

That's the kind of client relationships we build: results first. Trust second. Partnership third.
