The Campaign

Our Growth Now System is simple and always works. We come up with an offer that converts, we generate a lead, our team follows up with the lead and books them in your calendar with a deposit. Your **ONLY** job is to sell this customer.

The Lead Form

Make sure to ask a question on your Facebook lead form to enhance quality. Most “marketing” companies will try to impress you with lead volume, but bookings and shows are king. Don’t let your marketing company just focus on lead volume

Why This Works

- While most marketing companies brag about lead volume, we care about bookings, shows, and sales.
- Volume doesn’t pay the bills. Revenue does.
- We engineer campaigns around:
- Irresistible Offers
 - Message-Market Match
 - Direct Response Ads
 - Lead Conversion Frameworks

The System

- We call it Growth Now. Here’s how it works:
1. Craft a Winning Offer
 2. Launch High-Converting Ads
 3. Book Appointments with Deposits
 4. You Close the Deal
- You’re not chasing leads. You’re taking calls from people who already said yes.

Who This Is For

We’ve deployed this system for 400+ wellness businesses, and it’s built by operators—not gurus.

If you’re a:

- Studio owner
- Wellness Coach or Therapist
- Medspa, Gym, or Wellness Clinic
- Or any expert looking to scale revenue and impact...

This is your shortcut.

-Why We're Giving Away Our \$11,000 Campaign

Over the past 5 Years, we've helped 400+ wellness businesses fill their calendars, drive revenue, and finally escape the "Instagram content trap." What you're about to get is the actual campaign we used inside one of our 7-figure locations—and we're handing it to you, completely done-for-you.

Why?

Because most Wellness coaches and business owners have been misled.

They've been told to "just post more" or "run another discount"—while burning time and money on funnels that don't work in the real world. We want to earn your trust by giving you results before we ever ask for your business.

If you win with this, you'll know:

- Our strategies work
- We understand your market
- We're operators, not theorists

And if you want more, we'll be here to help you scale it.

That's the kind of client relationships we build: results first. Trust second. Partnership third.
